An Asterik (*) following the score denotes a tie that was broken by the tie breaking method listed below

If a tie exists between two teams for first place, the tie will be broken by the most points won in the teams' head to head match. If the tie is not broken, ties will then be broken by matching of total points won from each team's match versus the first seeded team, then the second seeded team, etc. If a tie still persists after matching, a sudden death playoff will commence. If a tie exists between three teams for first place, a sudden death playoff will commence.
