Summer is flying by and the Club has been very busy. Troon/Icon Management has been working very hard to fill the vacant General Manager position. We have identified a candidate of choice and we have made an offer. As we wrap the hiring process an announcement will be sent out. We expect the new General Manager to begin employment around the Labor Day Holiday. The new GM has a very strong food and beverage background, and we expect that his involvement in the Landing Restaurant will have many positive impacts.

Closer to home for the HOA Office, we have a new staff member as well. Susan Trihy began working for the HOA Office last month and has been an excellent addition to our team. If you have not met Susan, her office is in the East Shore Community Center and she is onsite.

As we begin to prepare for the fall season, we plan to offer the following activities:

- Swimming Pools Stay Open until September 24th
- Community Care Day September 30th
- Halloween Trick or Treat Party October 31st

As mentioned earlier last month, the fence survey passed, and we are now allowing four-foot black fences on the golf course. These applications will need to be approved by the ARC Committee and the Board, but the pathway is now open for many residents that have requested this option and had been declined in the past.

The Club is closing the Landing Flex Room for the next 30 days to make some necessary repairs to the ventilation system.

Enjoy the month of August and I hope to see you in my travels.

Joe Fulco, CCM, CCE  
Community Association Manager
