4. Police Activities and Information: Chief Calloway

- **Parking plans for Central PL. single home sub-divisions**
- **Speeding on Sheep Pen Road**
- **Godwin School Road Turn Lane** – Now that the North Shore is becoming more established, people are noticing the need for a right turn deceleration lane on the north side of Millsboro highway as you approach Godwin School Road from the East (from Millsboro) direction.
- **New Police Station Build**
- **Bypass information** - See Below

4. Open discussion

The Community Cares Group is a resident and Millsboro Police Dept. initiated committee dedicated to providing the neighborhood with information and opportunities to become involved in Safe Plantation Lakes and Millsboro events. As a Group all are welcome. We are a complementary organization to the HOA and various committees in supporting the well-being of everyone within our community. Please note the HOA provides detailed information on its website regarding events offered and forward looking initiatives to keep PL a great place to live.

Project: North Millsboro Bypass, US 113 to SR 24

PROJECT INFO STAY INFORMED TRAFFIC & TRAVEL

Project Description:

This project includes a 2 lane connector road between US 113 and SR 24 north of Millsboro DE. The new alignment will start at US 113 and extend eastward bridging over Fox Run Road, the Norfolk Southern Railroad, the Millsboro pond, and Gravel Hill Road. The new road will connect to SR 24 west of Mountaire Farms. The project will also consist of a grade separated intersection at the US 113/SR 20 intersection.

Project Justification:

This project will improve safety, and reduce congestion through the Town of Millsboro. The projects location was identified in the 2017 Millsboro-South Area Final Environmental Impact Statement through the US 113 North/South Study. More information on the US 113 North/ South Study can be found under the following link:

<https://deldot.gov/projects/Studies/us113/>

Current Phase:

Design and Planning

Project Timeline:

Construction Start Date: 2023

Construction End Date: 2025

Project Update:

Design and right-of-way acquisition are underway. The project has been split into two projects consisting of the grade separation and the connector road. Construction is anticipated to begin in 2023. Tree clearing to begin in March 2023.
